Introduction:

We have a statutory duty to ensure safe recruitment of school personnel and volunteer helpers to this school as we are committed to safeguarding and promoting the welfare of all children. By creating a culture of safe recruitment that involves undertaking criminal record checks (VOG and overseas criminal record checks), plus obtaining references and other interview information for all prospective employees, we believe that this will help prevent, reject or identify those people who might abuse children.

We realise that the majority of school appointments are for personnel who will be responsible for the care and supervision of students on a regular basis and as part of the process of safe recruitment all prospective employees will be required, as conditions of job offer be required to supply and have positive feedback for all required documentation.

Under no circumstances will we allow any individual to carry out a role where they are in close, unsupervised contact with students if it comes to our attention that there are queries unresolved.

We will ensure that all visitors are escorted whilst on school premises or subject to the relevant checks and vetting procedures.

Also, we are aware that we have a legal duty to follow Dutch Meldcode (<https://www.augeo.nl/nl-nl/meldcode/meldcode-stappenplan>) if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in a position with children.

We have a duty to ensure that all volunteers in regulated activity must have a VOG issued within the previous two years.

We wish to appoint the most suitable person for each vacant position regardless of age or perceived age, marital status, sex, racial or ethnic background, religion or belief, sexual orientation or disability. Also, we will take no account of an applicant's membership or non membership of a trade union.

We will consider any person with a criminal record equally with others applying for any vacant post at this school unless their safety check indicates that they present a risk to children.

We believe our recruitment and selection process is systematic, efficient, effective and equal.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements
